PROFILE

A highly driven and adaptable information systems graduate with a strong background in data analysis and software development, who earned a B.Sc. in Information Systems from Addis Ababa University in July 2024. I offer proven business experience from several internships, the Commercial Bank of Ethiopia, and Unilever, where I applied my technical expertise and analytical abilities to produce positive results. Also I have participated in extracurricular activities on campus outside of my studies, including planning and leading human rights awareness campaigns and sustainable peace talks. I served as a trainer and facilitator for a number of university-wide awareness-raising initiatives, such as Digital Literacy, which showcases outstanding leadership and community association. This multilingual communicator is fluent in Arabic, Amharic, Afan Oromo, Af-Somali, and Tigrigna in addition to English.
